

## ABOUT US

Artificial Grass Southern Africa has been a supplier and installer of the highest quality Artificial Grass since 2014.

Our years of experience and dedication ensure that our clients receive only the absolute best when it comes to Artificial Grass, landscaping and client service. No matter the size or requirements of the installation

our highly trained and qualified teams can create your dream garden, playground or sport field.

Our products are 100% child and pet friendly, contains no harmful chemicals or metals, it is 100% allergen free and is safe for the whole family.

We take extreme pride in all our installations and the quality of our product, therefore we offer 10-year colour guarantees on all our products as well as an 8 year guarantee on the longevity of our products giving our clients the piece of mind they deserve when investing in our products.

Our products have been manufactured to ensure that they will not fade, change colour or disintegrate. Due to our UV defender, no matter the climate or area, our product will last. We offer a large variety of products and services from landscaping to sports turf and care products for your existing Artificial Grass.

We offer a warranty certificate for all our products and installations so that you never have to worry..
